CIRCULAR

No. DPJ 85 CWM 67, BANGALORE, DATED THE 24TH DECEMBER 1968.

It is hereby brought to the notice of all concerned that the use of non-metric units, including those of length has become illegal throughout the country, consequent on the introduction of the Metric System in the State with effect from 1st October 1962. The Government of India and the State Government have been making continuous efforts to ensure that the manufacturers produce only tapes graduated exclusively in metric units and the production of FPS or double marked tapes is completely stopped in the country. Manufacturers and suppliers who produce non-standard, *i.e.* non-metric tapes as also users are liable to be prosecuted under the Weights and Measures laws. It has been also noticed that some of the Government Departments have continued to place orders with the manufacturers and suppliers for tapes graduated in inches or in double graduations. Government direct that such purchases should be stopped at once.

All Government Departments using tapes should purchase only measuring tapes graduated exclusively in metric units so as to avoid legal action on both the parties.

The Director, Stores Purchase Department, should place order for supply of measuring tapes graduated exclusively in metric units early.
